

## Curtain at Eight for 'Gondoliers' Tonight

### Audrey McKee to Reign as May Queen at Senior Prom

The Winnah—and new May Queen—Audrey McKee! This announcement heralds the Shakerite's exclusive (?) scoop on the "Who - Will - Be - Queen - of - the - May - and - Reign - at - the - Senior - Prom - Contest." Prominent rivals for the honor included Jayne Struggles, Anne Chute, Betty Buchanan, Carol Garden, and Joe Comella. Joe's votes could not be counted, however, as he lacked several of the necessary specifications of a May Queen, or, one could say his specifications did not meet the necessary requirements.

Before continuing with the report of the voting, it might be well to mention some of those who were originally nominated, namely: June Rutledge, Maida Howes, Mary Ann Kwis, Thalia Carter, Elaine Newcomb, Margie Skelton, Betty Groff, Flossy Stettenfeldt, and Vivienne Dworkin. It is hoped that all defeated nominees will serve as attendants to the Queen at the Senior Prom, June 6, at the Pine Ridge Country Club, Vincent Pattie's Orchestra. (Commercial.)

Among those who did not succeed in being elected, but who missed by only a few, (a very few) votes was Ward Tolan. He managed to pile up

four votes, which have been accounted for in the following manner:

1. Himself. He admits it and can't understand why he didn't get more!
2. Thalia Carter.
3. Mr. Harbourt.
4. Stuffed.

Far outnumbering Ward in actual votes acquired, if not in the ingenuity in which the crime was committed—the deed accomplished, was Willoughby (Roll His Own) Leech. He was credited with a full fifteen votes, all in the same handwriting.

As usual, the faculty made a noticeable dent in the May Queen Ballot. Miss Anderson led the voting for the second consecutive year. Surprisingly enough (?) Mr. Thrailkill's annual supporters backed Mr. Allison. Two votes in masculine handwriting, (identity revealed upon request, but can be withheld at a price) were chalked up for Miss Jackson.

Snow White got six votes, and Dopey got one. (He probably voted for himself.)

### Handwriting Expert Speaks Next Monday On 'Outwitting Forger'

Although handwriting identification is only a hobby of Mr. Lloyd Jones, he is recognized as an expert in that field. Mr. Jones has analyzed hundreds of signatures on forged checks and forged letters, and has verified signatures on legal documents, indirectly aiding the capture of frauds.

Through the efforts of Mr. Ames,

### Courtesy Week May 9-14

Through a series of "manner-dramers" over the Public Address System, Shaker students will be urged to brush up a little on their courtesy next week. This is a part of a "courtesy week" program which is being arranged by Mr. Norman Staiger, chairman of the Radio committee.

Mr. Jones will speak to the student body Monday, May 9, on "Outwitting the Forger." His talk will be illustrated by slides of sample handwriting. Mr. Jones travels widely to secure historically famous manuscripts and old guns. However, his real business is writing; he is the author of several writing textbooks for high school commercial courses.

An assembly for adults will be held that night.

### A Cappella to Give Another Performance Tomorrow

### Miriam Stage Fund Benefits from Proceeds of Gilbert And Sullivan's Operetta; Three Matinees Given

August Geraci, Bill Prior, Milton Baygell, John Bazeley, Catherine Bissett, and Alan Rosenblatt will head the cast in "The Gondoliers," tonight at eight o'clock. Tomorrow night a second performance will be given with an almost entirely new cast, which is headed by Warren Gressle, Ralph Leavenworth Jr., Hans Zachman, Willard Hays, Betsey Roberts, and again

Catherine Bissett and Alan Rosenblatt.

"The Gondoliers" was composed by the two comic opera favorites, Gilbert and Sullivan, whose productions have been widely seen and much enjoyed. The action of the operetta takes place in Italy, and as the name implies, it concerns two gondoliers, Marco and Giuseppe Palmieri. They have been but recently married when they discover that one of them is the son of the late King of Barataria. However, because of some confusion at the time of their birth, they do not know which one is the prince and the rightful heir to the throne. Therefore, both men go to Barataria and jointly reign over the region. At this time the Duke of Plaza Toro arrives with his daughter, Casilda, who, when she was but a babe, was married by proxy to the heir of the wealthy King of Barataria. Casilda, however, is in love with Luiz and is unhappy that she must be the wife of someone else. It is then revealed that Luiz is the prince and rightful heir to the throne of Barataria, and so Casilda marries him as she wishes, and all ends happily with everybody being pleased.

### Three Matinees Already Given

Three performances of the operetta were given for the rest of the Shaker schools on Tuesday and Wednesday and Thursday afternoons.

The proceeds of the operetta go to the Miriam Kerruish Stage Scholarship Fund, which affords financial aid to needy, worthy Shaker students who wish to attend college.

The production of "The Gondoliers" is directed by Griffith Jones and Handel Wadsworth, and the stage sets were designed by Miss Ely and the art department. The secretary of the operetta is Maxine Bassett. The piano accompaniment is afforded by Irene Dula and Jane Wike.

### Announce Date of Junior Prom

Juniors will dance free of charge from 8:30 to 12 at the annual Junior Prom to be held on May 20 in the girls' gymnasium. Others who attend the hop, which is to be decorated in blue and gold, must pay a slight admittance price.

### Shaker Students Receive Honors

### Winners to Attend Reserve, Allegheny, Tulane

As a result of various scholarship examinations, several awards have recently been added to the list of honors attained by students of Shaker. Norman Rich received a scholarship to Adelbert College of Western Reserve University; Marcia Hitchcock and Mary Louise Clement to Flora Stone Mather; and Michael Levin and Myra Green to Allegheny College. Another outstanding scholarship was that of Richard White, to Tulane, obtained through his athletic ability.

In addition to these, two other honors were announced. Marcia Hitchcock, as a reward for her poetry, was presented with one year's membership to the Ohio Poetry Society, and Elaine Drost received honorable mention in the State General scholarship test, given to seniors.

Carol Conners and Edith Hull, freshmen at Duke College, were chosen among the twenty freshmen girls who have shown themselves, by their work and attitude, to be the outstanding members of that class.

### Small Margin Marks Council Elections

### Torrence, Fox, and Ensign Gain Offices in Next Year's Student Council

"I am very happy to have been elected president of the Student Council, and I shall endeavor to carry out the duties of this office as capably as my predecessor," was the statement made by Haskell Torrence, successor to Norman Colquhoun. In his junior year, Haskell, who won by the closest margin in the history of Shaker politics, transferred to Shaker from Evanston High School in Evanston, Illinois. Haskell is president of the junior class, member of the Congressional Club, president of A Cappella Choir, junior adviser of the Student Court, and a member of the Central Committee.

At the election, which was held on April 27, Bill Fox and Jerry Ensign were voted into the offices of vice president and secretary respectively. Campaign speeches were given on the Monday preceeding election.

### Piloted by Paisley

Warner Paisley, campaign manager for Haskell Torrence, outlined in his speech the fine qualities of his candidate and briefly explained the duties of office. Hamilton Davis, manager for Robert Burton, made his talk in the form of a geometric proof in which he attempted to prove his candidate the logical man for the office.

Ralph Leavenworth, speaking in behalf of Bill Fox, likened his address to that of Mark Anthony's in Shakespeare's "Julius Caesar." Mellor Stevenson, campaigning for John Krum, made the basis of his speech the fireside chat of President Roosevelt.

### Athletic Awards, When?

IT is not, of course, our right to dictate to the faculty what should or should not be done. We may, however, offer suggestions and point out any acts that we believe to be errors.

Although the final game of the City Championship Hockey Team was on March 26, the players have not yet been honored with letters. Until a very few weeks ago, the members of last fall's tennis team received no awards, and even when given out, the emblems were not complete inasmuch as the bars for two or three years' service were not included. And finally, there is the fact that no date has been announced when the monograms are to be given to the Shaker cagers whose basketball season ended more than eight weeks ago.

Perhaps the sophomores and juniors will have the pleasure of wearing their letters for another year or two, but the seniors have but three weeks of actual school left. Are they not to be officially recognized?

### Poor Cooperation

SHAKER High School's past administration under the capable leadership of Norman Colquhoun has been truly successful. However, there is always room for improvement, and we have a complaint which it would be well for the ensuing student government to endeavor to remedy.

We find that the Student Council representatives very seldom report to their respective rooms the discussions and decisions of the council. This is not entirely their fault, but also due to the fact that they are allotted no time in the morning in which to report. Because the council does not make known its proceedings, the students have become unconcerned and decidedly uninterested in school problems. We can make progress only when all of the student body is informed, so that they may present their observations on the school problems.

## Here's What They Think

Sir:

Study Hall 101, supervised by teachers is by all means a recreation room rather than a study hall. Reasons for this complaint are insufficient discipline on the part of the teachers and too many delinquents in the study hall who are constantly taking advantage of the teachers who are supervising the periods. I think that if these delinquents would be given action instead of recreation, the study hall would be more useful to the people who are using it to good advantage; instead they have to listen to disturbing conversations all period. The reason for this is because the teachers do not use any disciplinary action.

A Sophomore.

That study hall complaint is a good one, and we agree. However, student Sophomore, you understand that those pupils are in that study hall because they are unable to study like adults and to conduct themselves in an honorable fashion.

Sir:

Around the building several of the water fountains do not work. In particular the one I refer to most protestingly is the one in the hall leading to the boys' gym. My locker happens to be near there and I use it quite a lot, or rather would, if it was fixed. Every time I try to drink therefrom, the water sprays out like an artesian well, and wets my face as well as my shirt. I'm sure many other people besides myself would appreciate this fountain being fixed.

"Wet Sophomore."

We too have had our faces splashed, Wet Sophomore, and have shown your letter to Crosby, who has promised to co-operate.

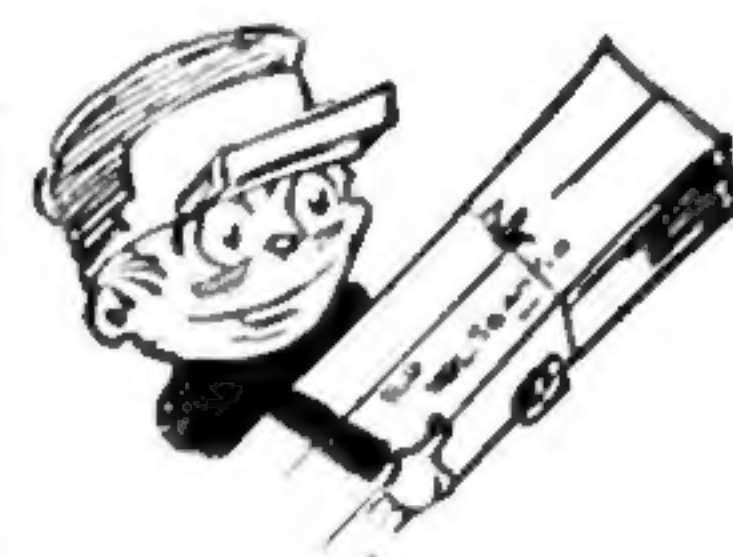

Dear Shakerite,

There are many things that I like about our school and also many things that I think are of help to the school, but there is one thing that I would like to be done. That is, to have a booster out under the stadium where the bicycles are kept during the entire day, because I have known of several things that have been stolen or tampered with and I feel that this could be prevented by the completion of the plan I have just submitted. There are many good points about our booster system but I feel that this plan might be accomplished very easily and would help prevent things from being stolen throughout the day. Hoping that something will be done soon, I remain

Hopefully yours,

A Student.

It could be accomplished, Student. We have put the matter in the hands of the student president. Why don't you present to him the detailed points of your case?

### Inconsistency

They say that time is nothing,  
That more will come to pass,  
That million years and ages  
Have come and gone—in class.

They say that now is nothing,  
And speak of years as days,  
And give us long, long eras  
To stretch our brains all ways.

They then assign a paper,  
And woe be unto you,  
If time to you is nothing,  
And yours be overdue.

### Ode to a Protein

Why do you bounce upon my plate?  
Why are you so hard to be ate?  
Of what are you made, O delicacy,  
That you can arouse the hunger in me?  
What makes your fragrance so divine  
That chills run up and down my spine?  
You have the aloofness of a star,  
But a lousy hamburger's all you are!

### Expression

To the one hundred and fifty girls in the senior class, each of whom thought that she should have been elected May-Queen, we offer our sincerest condolences.

"I shall now illustrate what I have in mind," said the third-floor teacher as he erased the blackboard.

## SHORT SPORT STORY:

So Bob ankles up to Burt and sez, sez he, that he has some "real stuff" for de columb. So Burt sez to Bob, sez he, what be it? So Bob asks, did Burt see as how Joe Comella was training for track by pulling that milk wagon up Aldersyde at 5:00 o'clock last a. m.? "Too bad, Bob," says Burt, "'cause Joe doesn't get up that early, and besides, that wasn't Joe; it was Bessie, and she has been on that run for fifty years now."

## OH MY-ER MY!

## SOME MORE PFUN:

Tennis is now under way and the team feels as though it could conquer the world. In fact, it's begging for as full a schedule as can be made, but the General thinks tennis enough. (Oh nets!)

## TEEING IS BELIEVING:

The golf team (Captain Ken Waterbury, Dave Morgan, Lloyd Thompson, and John Hersey, with Dick Petrequin as alternate) has made a real record for itself this year. In fact, word has leaked out that scores as low as 967 and 954 are being made consistently. (Just joshing, of course.)

## HIGH HOPES:

What vaunted vaulter is going to vindicate himself and vy? His name is Martin Rini and he is looking forward to future meets as a chance to reach the 11 foot mark. Here's hoping he will reach even greater heights (Pun). Vy? Should ve tell him?

## TRACKING DOWN NEWS:

From Mansfield two weeks ago came the news that Ray Gauthier snared Shaker's sole point in the Relays with a fifth in the 120-yard high hurdles. Congratulations, you basketball, tennis, and track star, you!

Due to the complete Shakerite staff reorganization for the next and last issue, "This Is Our Last Affair."

Six Softball  
Teams PlayGym Classes Competing  
In Intramural Tourney;  
Track Plan Dropped

Inasmuch as there is no baseball team representing Shaker this year, the boys' gym classes are conducting an intramural baseball tournament to take its place. An inter-class track meet planned for this spring had to be given up.

Each gym class has a team appointed to represent that class period. Each team plays twice a week on the regular ball field and the surrounding diamonds.

The tournament is arranged so that the Monday and Thursday classes meet the Tuesday and Friday classes. The two leading teams will meet at the close of the season for the intramural baseball championship of the school.

All of the teams had not yet chosen their captains at the time this article was written. Those captains that had already been chosen are Dominic Lonardo, Jim Kovanda, Don Thompson, Junior Adler, Allan Lewis, and Herman Tobin.

Intramural track, which the Varsity "S" Club had planned to sponsor this spring, has been dropped. The members of the club were to have coached the boys in the gym classes for an inter-class meet to be held later in the spring. However, the club found it impossible to carry out this plan in the short time that is at its disposal.

Trim Bedford,  
Maple Heights

Paced by Ray Gauthier, the Shaker track squad triumphed over Maple Heights and an outclassed Bedford aggregation, on the Bedford oval Wednesday, April 27.

Shaker scored 62 points to 54½ for Maple Heights and 32½ for Bedford. The high spots were Gauthier's firsts in both the high and low hurdles and the strong finish of Ed Nyfenger as he won the 880-yard run in 2m., 8.6s. As in past seasons Shaker's greatest strength was in the field events where they took the honors in the shot put, discus, and broad jump. The victors in these events were Dick White, who hurled the shot 48 ft., 2½ in.; Douglas Bishop, who heaved the discus 120 ft.; and Jack Shadek, who broad-jumped 19½ feet.

Ray Gauthier, who scored Shaker's lone point in the Mansfield Relays, was high point man for Shaker with 11 points.

Golfers Take Two,  
Drop One as  
Links Season Opens

In the three matches played to date, the Shaker golfers have won two and lost one. They blanked John Adams in the opener, 32-0, downed Garfield High, 25-7, and dropped a close one last Monday to Western Reserve Academy, finishing on the short end of a 17-15 score.

A 78 by Ken Waterbury and an 80 by Lloyd Thompson are the low scores of the season. Both of these were shot Monday in the Reserve match. Shaker boasts of the following three men this year who are shooting in the low 70's: Ken Waterbury, Dave Morgan, and Lloyd Thompson. Waterbury is leading the squad with a total of 22 earned points, having lost only two points in three matches.

Seven Lettermen Top  
Tennis Team Candidates

With the season still young, Shaker's netters have already met three opponents. They are playing in the eastern division of the Greater Cleveland League, as they did last year. Sixteen new candidates reported to try out this spring, but most of the positions have been cinched by the lettermen who are returning, all in good condition.

Ralph Leavenworth and Phil Goulding, two of last year's lettermen have not reported this year due to conflicting school activities.

Garth Thornton, Burt Wolin, and Ricky Caldwell are veteran singles men while Ray Gauthier, Jack Oster, Sanford Gross, and Bob Burrows still hold the doubles positions.

All varsity men except Thornton will graduate this spring, leaving six positions open next fall.

Journey to  
Salem RelaysGauthier Heads Shaker  
Entries in State-Wide  
Meet Tomorrow

Facing teams representing schools throughout the entire state, selected men from the Shaker track squad will travel to Salem tomorrow to participate in the annual Salem relays.

Coach Francis plans to send Ray Gauthier, Harold Hahn, Ed Nyfenger, Dick White, Douglas Bishop, and Lloyd Thompson, to compete in the relays. Ray Gauthier, top Raider trackman of the season, will run in both the high and low hurdles with Hahn. Nyfenger, new half-miler who ran for the first time in the Bedford Triangular meet with a time of 2:08.6 against a strong wind, will dig up the cinders in the 880-yard run. Dick White, indoor scholastic shot-put champion, will seek another record tomorrow, and Bishop will complete Shaker's field entries with the discus. Lloyd Thompson, edged out in the Mansfield relays, will again run the 440.

Art Francis looks to this meet as a test of his leading tracksters, and states, "I wouldn't be surprised if we even broke a record."

Dr. Harry Eversall, president of Marietta College, lectured in the large auditorium here on April 27. On the following day W. Ward Marsh, Plain Dealer movie critic, presented his talk and accompanied it with slides concerning motion picture history.

Mr. Marsh gave a short summary of the most outstanding pictures in the history of the screen. He also showed several social etiquette slides used in the silent era, such as "No Smoking, Remember the Chicago Fire," and "No Spitting, Remember the Dayton Flood."

Dr. Eversall's lecture was based on Summum Bonum, which when freely translated, means "true success." He explained that this could only be obtained through hard work.
